Learning, Growing and Succeeding Together

Dear potential candidate,

Broadfield is a wonderful place to work. Yes, it's easy for me to say that because I'm the head teacher and want the best people working in our school, but it's actually true!

If you want to work with highly skilled professionals who are committed to their roles in school, then we have them and they are willing to share what they know so that everyone experiences success.
We have brilliant resources to enrich the curriculum offer in place. We have created and built our own Forest School which includes, a pond, fire circle, night line, planters, bug gardens and den area. Along with it we have designed an outdoor learning curriculum that all children are able to access with the brilliant support of our outdoor learning leaders.
We have fantastic resources for children with SEND. A dedicated space for sensory work and an Internal Inclusive Provision that is led by our Assistant SENDCo. We have a highly trained, large SEND team who work across school who deliver the inclusion toolkit for our children with SEND.
We have a beautiful library and reading spaces in every classroom that reflect our commitment to developing every child's love of reading.
We have dedicated intervention spaces for support staff – although we never have enough!
We have engaging and purposeful outdoors spaces for children and a one-of-a-kind sensory garden.
We have an extensive offer of extra-curricular activities that not only provide our staff with the opportunity to share their interests and skills, but also engages children in activities beyond the national curriculum.
Every Monday morning, we start the week with our celebration assembly and I can honestly say that it's an experience like no other!
We have fun and care in abundance and we are all dedicated to making our school a happy place for everyone. I believe that when the staff are happy and secure in their jobs, the children get the very best.

If you are interested in applying for a role in our school and you would like to visit us and see it for yourself, then please contact the school office on the above number and one of our staff team will be happy to show you round.

I look forward to meeting you,

Rachel Dardis
Head teacher
