Our leadership behaviour framework

Leadership is action, not a position. It's not just what we do but how we do it.

Whatever your role at Salford, we all strive to achieve our vision and the best outcomes for the residents and communities of Salford.

As leaders, we all have an important part to play in achieving our organisational and service priorities. These priorities give us direction and a shared purpose in our roles and should be the focus when making decisions.

We can help make these priorities a reality by living and breathing our Salford values and leadership behaviours.

This framework is broken down into three main areas:

Leading Self - making sure we are role modelling the values and invested in our own development, demonstrating integrity and authenticity.

Leading People - where we create high performing teams, and a culture that is inclusive, open and where everyone has a voice.

Leading Salford - setting the vision and purpose, and connection to the city, empowering others around you to ensure residents are at the heart of what we do.

This behaviour framework will support us all to reflect and hold ourselves, and each other to account, as we strive for continuous improvement.

Full details of how this framework shapes our Leaders and is delivered in the workplace can be found on the [Salford Leadership](#) pages of our [greater.jobs](#) website.

We have four values: Pride, Passion, People, Personal responsibility.

[Our four values](#) are central to the way we communicate about the council and the way in which we behave with colleagues, customers, and partners - so that we live and breathe our values each day.
